## CAPITAL CULLINGS.

### Democrats Outwitted in the House.

### Republicans Succeed in Securing a Quorum.

### A Number of Bills Now in the Hands of Committees Ready to be Reported.

WASHINGTON, September 23.—By its action today, in seating Mr. Langston, the House ended what was probably the most protracted and most bitterly contested election case it has ever decided. The result was a surprise to the Democratic minority, which, after two weeks' successful obstruction, was confident that its opponents could not secure a quorum. But the "Whips" have been active.

During the first roll-call it was discovered that Mr. Milliken, of Maine, and Mr. Mudd, of Maryland, were not present and the messengers were immediately sent after them. Mr. Sweeney, of Iowa, who had not been expected so soon, came in at this juncture and both he and Mr. Mudd cast the votes necessary to make a quorum.

The further proceedings were remarkably expeditious, and Mr. O'Farrell, the lone Democratic sentinel, was absolutely powerless to check the majority. A yeas and nays vote, declaring Mr. Venable not elected, showed 165 Republicans in attendance, including those who did not vote, but were paired. Messrs. T. M. Brown (Indiana), Butterworth, Connell, Ewart, Finley, Hansborough, Peters and Wilson (Kentucky) were Republicans absent without pairs, and of these Messrs. Brown, Finley and Wilson had leaves of absence on account of sickness.

The Miller case, which followed the Langston case, was even a greater surprise, and, in fact, it was not known generally to the Republicans that the leaders contemplated this move. The Democratic minority was considerably vexed over the result of the day's proceedings, and a call for a caucus was circulated for the purpose of endeavoring to unite the party on a retaliation policy in the treatment of the conference report upon the tariff bill, which would require the Republicans to maintain a quorum to dispose of that report. Owing to the lateness of the hour and a small attendance the Democrats' attempt to caucus was temporarily abandoned.

## COMMITTEE REPORTS.

### Several Important Measures to Be Presented to the House.

WASHINGTON, September 23.—Representative Rockwell has reported favorably from the Committee on Military Affairs a substitute bill, making an appropriation of \$100,000 to enable the Secretary of War to cause an exploration and survey of the interior of Alaska, made by such force of officers and enlisted men of the army as he may deem sufficient.

By a vote of 5 to 4 the House Committee on Judiciary ordered a favorable report on the Senate bill providing for the disposition of the personal property of the Church of Latter Day Saints in Utah.

Representative Scranton (Pennsylvania) today presented for reference to the Committee on Foreign Affairs a preamble and resolution setting forth that harsh and brutal treatment of political prisoners is now universally condemned by all civilized nations; that several American citizens, Dr. Gallagher, W. Kent, J. Wilson, T. Whitehead and others, are now undergoing imprisonment in England for political offenses, and, age, and admissions to even the official reports and accusations, being treated with exceptional and unjustifiable severity. Therefore the House requests the President to cause inquiry to be made into the condition and cases of these prisoners, and, should the reports referred to be correct, endeavor to secure for them humane and decent treatment, pending efforts on their behalf, which, it is anticipated, will prove that they have not been fairly or legally convicted of the offenses charged against them, and therefore entitled to relief.

## FIRE IN PANAMA.

### Three-fourths of the Town of Colon Burned—Shipping Safe.

PANAMA, September 23.—Three-fourths of Colon has been destroyed by fire. Ninety carloads of freight in transit were consumed. The wharves and shipping are safe.

Owing to riotous behavior of a mob of looters the military opened fire with ball cartridges, killing and wounding several persons. Reinforcements of police have been despatched from here. Supplies have also been sent. Everything is quiet now.

PANAMA, September 23.—The fire commenced shortly after midnight. In all, about one hundred and fifty buildings were destroyed, including the post-office, Supreme Court, Alcaidía, Municipality, the agencies of all the steamship companies except that of the French company, the Pacific Mail and Royal Mail offices and a part of the wharf, every business house of importance on the front street and all the hotels. No deaths and no casualties. The total loss will reach \$1,500,000. The cause of the fire has not yet been ascertained.

WASHINGTON, September 23.—A telegram has been received by the Department of State from the Consul at Colon regarding the fire there. He says that the American portion of the city is safe.

## SHOOTING AN ADVENTURER.

### A Young Man Fatally Wounded His Sister's Husband.

CHICAGO, September 23.—Tonight a fatal street affray between brothers-in-

law ended a remarkable contest for the possession of a fortune of \$100,000.

Alfred Richner, several years ago, was the husband of a noted brothel keeper. Notwithstanding this and his unsavory record, Richner succeeded in clandestinely working into the good graces of the daughter of a wealthy flour and feed dealer named Kessler. Upon Kessler's death, the daughter, who seems to have been somewhat simple minded, disclosed her attachment for Richner. The instant opposition of the family to any recognition of that worthy, resulted in an elopement of the couple to Montreal.

Richner later went through a form of obtaining a divorce from the brothel keeper and having his marriage with Miss Kessler legalized. They then returned to Chicago. A feud was soon engendered between Richner and his wife's brother, the latter accusing Richner of being actuated solely by a desire to lay hands on the fortune of his sister.

Legal struggles and personal encounters have been frequent recently. It is alleged that Richner failing in his efforts to get at the Kessler's patrimony, has threatened to kill every member of the family. Tonight he met young Kessler on State street and attacked him with a cane. Kessler drew a revolver and fired several shots into Richner's body, inflicting fatal injuries. Kessler gave himself up, and said he had been advised to arm himself by the city chief of detectives and by his attorney, General John C. Black.

The affray took place in a crowded part of State street and for a short time created a wild stampede.

## IRISH NATIONALISTS.

### MEETING OF THE SUPREME COUNCIL AT CINCINNATI.

### Strong Resolutions Adopted Upon the Arrest of Dillon and O'Brien—Charges Against the English Tories.

CINCINNATI, September 23.—The council of seven from the American branch of the Irish National Land League met here this afternoon. Their session was secret, but President John Fitzgerald says the object is to appoint committees to meet and care for the coming speakers from Ireland. Notwithstanding the arrest of O'Brien and Dillon, President Fitzgerald names them among the coming speakers, as he does not think their arrest will interfere with their trip to the United States.

The council this afternoon adopted a resolution referring to the arrest of Dillon and O'Brien, in which they say: "Acting within the scope of policy laid down by Parnell and associates, we renew earnestly an emphatic determination to meet this new stroke of Ireland's foreign rulers with united activity and more liberal support; and to exhibit to our American fellow citizens this latest phase of British brutality as an overmastering proof of England's incapacity to fairly govern Ireland."

While the constitutional agitation is taking the ability and unscrupulousness of Ireland's governors to overcome it, we will loyally and heartily support it, not fearing that any number of arrests will be able to hide the fact that the Tory government is trying to murder the people of Ireland in the name of a fourth state-made famine in the reign of Queen Victoria, and told the people their duties were to themselves and families first, and that any man who would see his wife and child starve for want of bread, while he handed over the proceeds of his labor to a landlord, is not only a coward, but a criminal."

The resolutions further sincerely deplore the death of John Boyle O'Reilly.

### Would-be Traitors.

DUBLIN, September 23.—At a meeting of the National League today, T. M. Healy said: If the tenants submitted to the landlords they were traitors to their fellow-countrymen. Patrick O'Brien has been arrested.

## CHINESE FLOODS.

### Wanton and Ignorant Destruction of Railroad Property.

WASHINGTON, September 23.—The Department of State has received from the United States legation at Peking, China, a report relative to the recent heavy floods.

The report says that the floods were the most serious ever known. An area of 3000 miles and a population of several millions were affected by them. Many thousands of people were drowned and tens of thousands are living on charity.

One result of the floods may have far-reaching consequences. Near Lu Tai, which is a point on the railroad from Hongku to Tongshau, a railway embankment was destroyed by the people for fear the water and had saved the country from floods. It is supposed that the General in command at Lu Tai either instigated or connived at these proceedings, in which his soldiers largely took part.

A very serious feature of the case is the stupidity of the Viceroy, if he has done nothing to prevent these lawless proceedings.

At Tongshau a colliery is stopped, 3000 men are out of employment and operations on the railroad are suspended. This destruction may mean wanton and unnecessary. All the proceedings indicate an anti-railroad excitement, which may result in postponing indefinitely any further railroad enterprises in China.

## PATENT OFFICE WORK.

### WASHINGTON, September 23.—The report of Commissioner Mitchell, of the Bureau of Patents for the fiscal year ending June 30, shows 46,140 applications and caveats were received as against 42,047 for the previous year. Receipts for the year \$1,347,203; expenditures \$1,081,175; surplus \$266,028 as against a surplus of \$186,889 for last year. Balance in treasury, account of the patent fund, is \$3,790,556. During last year the office disposed of 4596 cases in excess of the number disposed of the previous year.

## WORK OF CONGRESS.

### But Little Accomplished in the Senate.

### The House at Last Secures a Quorum.

### Democrats, However, Are Not Part of It—Two More Contested Election Cases Settled.

WASHINGTON, September 23.—Senator Hale introduced a joint resolution, which was referred to the Committee on Public Buildings and Grounds, for the creation in the District of Columbia of a memorial building as a substantial monument to the memory of U. S. Grant, which shall contain his remains and those of other distinguished Americans.

After a brief executive session the Senate took up the calendar and passed a number of bills. The House bill, with the Senate substitute, to define and regulate the jurisdiction of the courts of the United States was then taken up, but went over without action, and the Senate adjourned.

## IN THE HOUSE.

WASHINGTON, September 23.—Mr. O'Farrell, of Virginia, was the only Democratic member in the chamber this morning. The Clerk called the roll on approval of Friday's journal.

Speaker Reed hesitated before announcing the result of the vote, the same lacking only two of a quorum. After a sharp interchange between Mr. Taylor and Mr. O'Farrell as to the legality of the latter's sitting as a member of the House, the vote was announced: Yeas 155, nays 1; no quorum. A call of the House was ordered. While the roll was being called Mr. Sweeney, of Iowa, and Mr. Mudd, of Maryland, appeared. The photographer again reproduced the array of empty Democratic seats. Later in the day 164 members responded to roll call and Friday's Saturday's and Monday's journals were finally approved.

The majority resolutions to unseat Mr. Venable were agreed to: Yeas 161, nays 1. Mr. Cheadle, of Indiana; the Clerk noting a quorum. The question of seating Langston was carried on yeas and nays. Mr. O'Farrell and Mr. Cheadle alone voting in the negative. Langston took the oath amid cheers from the Republican side.

The Elections Committee then called up the South Carolina case of Miller against Elliot, despite the efforts of Mr. O'Farrell to block the wheels, and a resolution unseating Elliot and seating Miller was agreed to without a division.

The House then went into Committee of the Whole on the Senate amendments to the deficiency bill, Mr. McCrea, (Kentucky) who, with a number of other Democrats, then entered the chamber, inquired what bill was under consideration. Mr. Henderson (Iowa), in response, said he did not blame the gentleman for being a little behind on general legislation.

The afternoon was consumed in discussion of the French spoliation claims, but without action the committee arose. Mr. Chandler (Massachusetts) asked unanimous consent for consideration of the resolution providing for a subcommittee of the House Committee on the Worlds Fair that shall inquire into the progress being made by the Fair Commissioners, but Mr. Kilgore objected. The House then adjourned.

## SHOT HER AFFIANCED.

### A San Francisco Girl Shoots the Man She Is Engaged To.

SAN FRANCISCO, September 23.—Miss Panharst, aged 22, last night shot and fatally wounded Samuel Goldberg, dealer in cheap jewelry, and a native of Grass Valley, aged 27 years.

The two were engaged to be married, but one week ago Goldberg told the girl he would have to marry her by contract, as his family and religion prevented a marriage in the usual form. She forbade him to visit her again, whereupon it is stated he threatened to kill her and himself. What passed between them at the house last night is not known, but it is understood he renewed his threats. The girl was arrested.

Samuel Goldberg died tonight at the hospital. Miss Panharst, when informed of Goldberg's death, fainted.

## THE CENTRAL STRIKE.

### How Vice-President Webb Tried to Enlist Father Ducey.

NEW YORK, September 23.—In a conference of representative ministers in this city this afternoon, Father Ducey created much surprise by the following story:

"When the recent strike on the New York Central and Hudson River Railroad was first ordered," he said, "I went to the vice-president in the interest of the workmen. I had a pleasant chat, but could accomplish nothing. Later he sent for me, talked about the strike and concluded by saying: 'Father Ducey, just tell the men we are right in this matter.' I answered, 'Mr. Webb, I am neither a demagogue, nor an employ of yours,' and refused to do it."

## RASCALITY WORK.

### A Chico Storekeeper Defrauds a Number of Wholesale Dealers.

CHICO, Cal., September 23.—The American Cash Store is in the hands of Sheriff Ball, and the whereabouts of its proprietor, W. M. Early, are unknown. Less than a year ago he paid \$8000 for the store to J. C. Wright, who had opened it about two years ago. The stock consisted of gentlemen's furnishings, goods, hats, boots, shoes, etc.

Early obtained a heavy credit within the last three months from firms in San Francisco, New York, Chicago and Boston. It is stated that most of the goods received by Early were shipped under the address of J. G. Wright to Redding,

enough goods being sold, at low prices and for cash, to pay the freight charges and a small portion of the purchase price. Attorneys here have received claims from creditors aggregating over \$15,000, and it is stated that the claims will run up to \$40,000 or \$50,000.

Goods have been arriving almost daily and have been attached by the Sheriff. The store was apparently well stocked, but 2000 empty boxes were found and the stock inventories only about \$3850. Wright's store has been attached at Redding, but he will not be molested, as he appears as a purchaser on credit from Early.

## BACK TO CHINA.

### Return of a Large Number of Celestials to Their Native Country.

SAN FRANCISCO, September 23.—The steamer Rio de Janeiro sailed for China and Japan today, carrying back forty Chinese, who arrived here a week ago and who were unable to land on writs of habeas corpus.

Four other Chinese, who were intercepted on the Mexican border in Arizona, recently, while endeavoring to enter the United States, were also returned on the steamer.

## DYNAMITE ON THE TRACK.

### WINSTON, Ontario, September 23.—It has been learned that an inch dynamite cartridge was found fastened to the Michigan Central track last Saturday afternoon and removed just ten minutes before the limited express came along. It contained enough explosive to have blown the train to pieces.

## THE CONFEREES.

### FINISHING THEIR REPORT ON THE TARIFF BILL.

Not Yet Able to Agree Upon the Sugar and Binding Twine Schedule—Modifications of the Metal List.

WASHINGTON, September 23.—The Republican tariff conferees took a respite from their labors tonight. The situation is now such that no good, it is thought, can come of talking the matter over any further.

The conferees have had turned upon them all the light that can be diffused upon the only items in the bill now unsettled, sugar and binding twine, and when they adjourned tonight it was hoped by tomorrow one side or the other will show a disposition to yield.

The basis on which the metal and glassware schedules, which have been the cause of much contention, were settled tonight was that on steel rails and structural iron the duty remains as in the House bill, and the duty on steel billets is fixed at a lower rate than provided for by the Senate. These were three of the principal items in this schedule in dispute. The rates fixed on other items in the schedule cannot be given, but are very generally lower than the House and higher than the Senate rates. This last statement applies to the glassware schedule on which there is a great many differences in rates between the two branches of Congress.

The tobacco clause of the internal revenue section of the bill remains as fixed by the House, with the exception of the tax on tobacco and snuff, which is reduced 2 instead of 4 cents, making the rate provided by the bill 6 cents a pound. May 1 is fixed as the period when the tobacco clauses of the measure go into effect. Special licenses on dealers are abolished, as provided for by the House bill.

## MEET IN PHILADELPHIA.

### Addresses the Republican League on Freedom of Franchise.

PHILADELPHIA, September 23.—In a mass meeting at the Academy of Music tonight under the auspices of the State League of Republican Clubs Speaker Reed was the center of attraction. Speeches were also delivered by the Hon. John Thurston, of Nebraska, president of the National League of Republican Clubs, Congressman Dooliver, of Iowa, and others.

In closing his address Reed said: "We fought a great struggle for the liberty of manhood, and yet there has been, and is sitting today in Mississippi a convention where every orator proclaims his determination, and the determination of every other white man belonging to his party, to invent some method to disfranchise the negro; to destroy the franchise of a large portion of the voting population of this country, who are entitled to vote. There is a spectacle for you (applause). Do you mean, my friends, to allow the southern white man, because he votes in the South, to count more than you do in the Government of this country? Do you mean he shall have increased representation in this Government, so he shall carry more weight than you?" (Applause.)

## FOUND IN A WELL.

### Mysterious Murder in Calaveras County, California.

LODI, Cal., September 23.—G. W. Holmes, aged 27, a married farmer who lived near Burton, was shot and killed about six weeks ago. The body was found yesterday by Sheriff Thorne, of Calaveras county in an old well.

The shooting is supposed to have been done by J. W. Smalling, a brother of Mrs. Holmes, who is in jail in San Andreas. It was given out by his wife that he had left the country, but the sheriff thought different and searched until he found the remains. A coroner's inquest will be held this evening. The cause of the shooting is unknown. The weapon used was a shotgun and the wound is under the right ear.

## A PEOPLE'S PARTY.

### Nominates a Full State Ticket in Indiana—The Platform.

INDIANAPOLIS, September 23.—A "People's Party" was formed today at a convention of delegates from the Farmers' Alliance, Farmers' Mutual Benefit Association, Greenbackers, Union Labor and other like organizations, and a full ticket put in the field. The hammer and plow were adopted as party emblems, to be placed at the head of the ticket, under the Australian ballot law.

The platform is the declaration of principles adopted by the Farmers' Alliance at St. Louis last December. The following is the ticket: Auditor of State, James M. Johnson; Treasurer,

## DEFENDING CHICAGO.

### The World's Fair Commission to the Rescue.

### Resolutions Passed Denying False Reports.

### Commissioners Granted the Use of Washington Park—The Boundary Prescribed.

CHICAGO, September 23.—The National World's Fair Commissioners this afternoon adopted the following resolutions:

Whereas, reports have reached this country, through the medium of correspondents and returning American tourists, that the World's Columbian Exposition is practically discredited by American newspapers and unworthy of the consideration of Europeans; and whereas, such reports have received apparent confirmation from the tone of certain foreign newspapers, which have mistaken the expressions of such tourists as those of the American people; and whereas, the basis of such reports is evidently an erroneous idea as to the reasons which led to the selection of Chicago as the location of the Exposition; and whereas, such reports being entirely based on false assumptions, can be but harmful to the purposes of the Exposition, therefore be it

Resolved, That in the opinion of this Commission the act of Congress selecting Chicago for the location of the Exposition was wisely and advisedly taken; and

Resolved, That this Commission hereby signifies its unqualified approval of the selection of Chicago and hereby places itself on record as having found every pledge made by the advocates of Chicago before Congress fully and absolutely fulfilled; that the site offered and accepted is such as no international exposition heretofore held could boast of, and that there is every prospect of the Exposition being of such a character, internationally and nationally, as every patriotic American could desire; and be it further

Resolved, That the officers of this Commission are authorized to take such steps as are advisable to counteract the false impressions referred to, and that a copy of these resolutions be forwarded to the principal newspapers in European capitals and other foreign countries."

At an afternoon session the National Commission took final action upon the site. The vote in favor of the grounds selected yesterday was decisive, but not quite unanimous.

Commissioner De Young, of California, stood out firmly in his original position as an advocate of an absolutely undivided site, and, though unsupported, cast his ballot in the negative. President Palmer asked Mr. De Young if he wanted a division, whereupon Mr. De Young replied "No," but that he wanted to go on record as voting against anything that savored a double site.

During the day, Mr. De Young offered an amendment to the by-laws, changing the number of members required to sign a request for the president to call a meeting of the Commission from thirty-six to one-third, to ten. It was referred to the Judiciary Committee, which reported it was too late for action before adjournment, and asked that no action be taken at this time. The matter was accordingly laid over.

The Commission adjourned, subject to call of the chair, sometime in November, when the Board of Lady Managers will also probably be convened and when the National Commission will pass upon plans of the buildings proposed to be erected for the fair.

The South Park Commissioners this morning, formally passed an ordinance granting Washington Park for the use of the World's Fair.

## AMERICA'S EXPOSITION.

### Department of War Defines the Lake Front Lines.

WASHINGTON, September 23.—Acting Secretary Grant, of the War Department, has addressed a letter to Secretary Butterworth, of the World's Columbian Exposition Directory, in reference to the use of the Chicago lake front for the Columbian Exposition.

Grant says that the Department has arrived at the following conclusion: "The old harbor line, 2000 feet inside the west wall of the breakwater is re-established and extended south. The restrictions heretofore existing between the prolongation of the center of Monroe street and Park Row, inside of the harbor line, are removed upon condition that the Illinois Central Railroad Company consent to the provisions of an act of the State of Illinois, approved August 5, 1890, and an ordinance of the city of Chicago, adopted September 15, 1890, and release all claims to land between the points named and east of their right of way."

As to the necessity for the consent of the Railroad Company in the matter, Acting Secretary Grant makes reference to former proceedings, and says that in view of the facts, it is deemed important in the removing of restrictions that the Illinois Central Railroad Company should not be left in a position to take any advantage of it.

SAN FRANCISCO, September 23.—Judge Levy rendered an opinion this morning in the suit of the Oro Grande Company, limited, et al., against Manuel Aguayo et al., involving the ownership of the Mulatos mine, situated in New Mexico. The defendant's demurrer to the amended and supplemental complaint is also overruled by the Court. Five days are allowed for an answer.

### ENTHUSIASTIC REPUBLICAN MASS MEETING LAST NIGHT.

A mass convention of Republicans was held at the City Hall last night for the purpose of selecting twenty-four names to be voted for at the Republican primaries Thursday as delegates to the county convention to be held next Monday, September 29.

T. H. Seelig called the meeting to order and nominated Dr. J. E. Wharton for chairman, who was unanimously elected. James McMillan was unanimously elected secretary.

J. B. Woodward moved to proceed to select the list by ballot, each ballot to contain twenty-four names and the twenty-four having the highest number of votes be declared the choice of the meeting. T. H. Seelig moved to amend the motion by voting for one at a time. George W. Chapman proposed an amendment to the amendment that four ballots be taken, six names being voted for on each ballot, the six receiving the highest number of votes on each ballot to be declared elected. Mr. Chapman's amendment prevailed.

The affair occurred on First street, where the men met. Dyer, it is said, fired without a word of warning. Taylor fell and Dyer was instantly arrested. Dyer formerly edited the South Riverside Bee and is also Secretary of the Editorial Association of Southern California. Both the wounded man and his assailant decline to say anything as to the cause of the shooting.

## A STATE OF SIEGE.
